

TIMETRAK[®] HOSTED SOLUTIONS

Now you can begin enjoying the full benefits of TimeTrak[®] with minimal startup expense and rapid implementation. TimeTrak's hosted solution permits you to outsource your Time & Attendance and Labor Management needs, enabling you to focus on your core business, while avoiding the trouble and expense of maintaining network infrastructure and the required IT support. Secure and redundant off-site servers host your TimeTrak software and data, making them available 24/7/365. Free software upgrades are automatically administered. One monthly fee provides full access to the vast benefits available from a TimeTrak[®] system.

TimeTrak[®] In The Cloud & Support Program:

TimeTrak's Hosted On-Demand monthly program fee is "Pay as You Go" and includes unlimited use of the TimeTrak application with no concurrent user restrictions, and no additional monthly charges for storing history, time card review, employee self service modules, or hundreds of existing payroll interfaces, etc. TimeTrak provides secure access to your software and data with state-of-the-art encryption and firewall protection.

Benefits of a Hosted TimeTrak[®] Solution:

- Low Monthly Cost – "Pay As You Go"
- Nominal Startup Expense
- No Long Term Obligation – a Monthly Subscription Service
- Easy Commitment to Low Risk Solution
- Rapid Implementation
- No Need for Costly IT Infrastructure, Resources or Personnel
- Frees You to Focus on Your Core Business Needs and Promotion
- No Hidden Fees or Costs – Upgrades are Free and Automatic
- Immediate Return on Investment -- Often in the First Month of Use
- Near Instantaneous Access to the Cost Savings and Benefits of a Full-Featured Time & Attendance/Labor Management System:

- o Consistent and Accurate Application of Your Payroll Policies
- o Cuts Editing Time in Half when Compared with Other Automated Systems
- o Employee Empowerment – Balanced with Supervisor Review and Approval
- o Time Saving Solutions for Hourly and Salaried Employees in One System
- o Adapt TimeTrak to Your Needs, Not Your Needs to TimeTrak

Monthly Services:

Standard TimeTrak[®] Modules Low Monthly Fee Per Active Employee (Minimum \$50.00 per Month)

Standard Service Includes TimeTrak[®], HisTrak[®] & Standard Payroll Interface Software Modules. Labor data for your inactive employees is maintained in the system at no additional cost for purpose of accurate historical reporting and/or cases where former employees return to active status (due to re-employment or call-back from layoff).

Premium TimeTrak[®] Modules

These modules provide additional Human Resource and Employee Empowerment functionality to the TimeTrak System, including OmniTrak[®] and ESS ClocTrak[®], InfoPlus[®] & ESS SchedTrak[®] [See Software Solutions Brochure for full details & features]

TimeTrak Cloud Data Collection

Though the TimeTrak Cloud Service Includes the Comprehensive ESS ClocTrak Data Collection Utility, Should You Desire a Physical Time Clock, We Offer a Variety of Data Terminal & Reader Technologies to Meet Your Needs, Including PIN, Barcode, RFID/Prox and Biometric Solutions

Initial Setup / Licensing One-Time Fee Dependent on Complexity of Pay Policies

This cost includes a one-time software license as well as online setup of your organization's pay policies, software parameters and initial administrative end-user training. Further online admin training, fine tuning of pay policies/parameters and other adjustments are provided as part of the standard monthly program cost for software and standard business-hours support service.
